2009 Schedule

-  ***EXISTING SYSTEMS EVALUATOR TRAINING***
March 24 & 25
August 12 & 13
October 7 & 8
A two-day session for evaluators or those interested in becoming evaluators of existing septic systems.
-  ***ONSITE WASTEWATER SYSTEMS 101***
April 22 & 23
November 4 & 5
A course specifically designed for those who need basic training in modern onsite wastewater treatment concepts. It will be beneficial to regulators, contractors and designers alike.
-  ***SOILS TRAINING***
May 6 & 7
A two-day classroom and field oriented soils training program for those with minimal experience in soils as it relates to onsite wastewater treatment.
-  ***PUMPED SYSTEMS EVALUATOR TRAINING***
August 20
A one-day session for those interested in learning to evaluate existing onsite wastewater systems which involve pumps and the associated controls for pumped absorption systems, pressure dosed mounds and sand filters.
-  ***ONSITE WASTEWATER SYSTEMS MAINTENANCE***
September 24 & 25
Training for routine maintenance of conventional and alternative onsite systems including mounds, sand filters packed bed filters, aerobic treatment units, and all pump systems.

More information on courses at the Michigan Onsite wastewater Training and Education Center (MOWTEC) is available on the following websites:

Biosystems & Agricultural Engineering: www.egr.msu.edu/age/outreach.html

MEHA: www.meha.net, MSTA: www.msta.biz

Please download agenda and registration information from these sites or return the registration form to the right.

Make check payable to: **Michigan State University**

Please return the registration form to:
Barb DeLong
Biosystems and Agricultural Engineering
216 Farrall Hall
East Lansing, MI 48824

MOWTEC is located at: 28115 Meadowbrook Road, Novi, MI 48377 (248) 347-3860

The MOWTEC site includes an outdoor lab displaying various onsite system components. Participants are encouraged to bring clothing appropriate to be out of doors for extended periods of time. About 1/3 of each class is conducted outside.

For the System Evaluation and Maintenance classes bring tools such as probes, soil augers, shovels, rubber gloves, etc.

You will receive registration confirmation, directions to MOWTEC, starting time and hotel information by mail following receipt of your registration.

Registration questions – Barb DeLong (517) 355-4720, delong24@msu.edu
Program content questions – Ted Loudon (517) 353-3741, loudon@msu.edu

Reservations

(Copy or tear off & return with payment)
